

# AMPLIFIERS

**CLASS D  
1 CHANNEL**

# EXTREME

Dragster masterpieces in D class deliver tons of power ready to compete in SPL at highest class. You need only the DWX and DWY subs to match at the top. The wide range of voltage accepted allows them to enter in street class with single 12V battery (Dragster brand of course) and extreme class with heavy duty Dragster battery pack. Of course bridgeable x2 doubling the power up to 24KW at 2 ohm (DAF 12KW x 2). Scared? May be, it depends on you.

**NEW**

**DAF** series

1 channel

**DAF 3001**

3000W x 1 channel RMS @ 1 ohm  
2500W x 1 channel RMS @ 2 ohm  
6000W x 1 channel RMS @ 2 ohm linked

**DAF 5001**

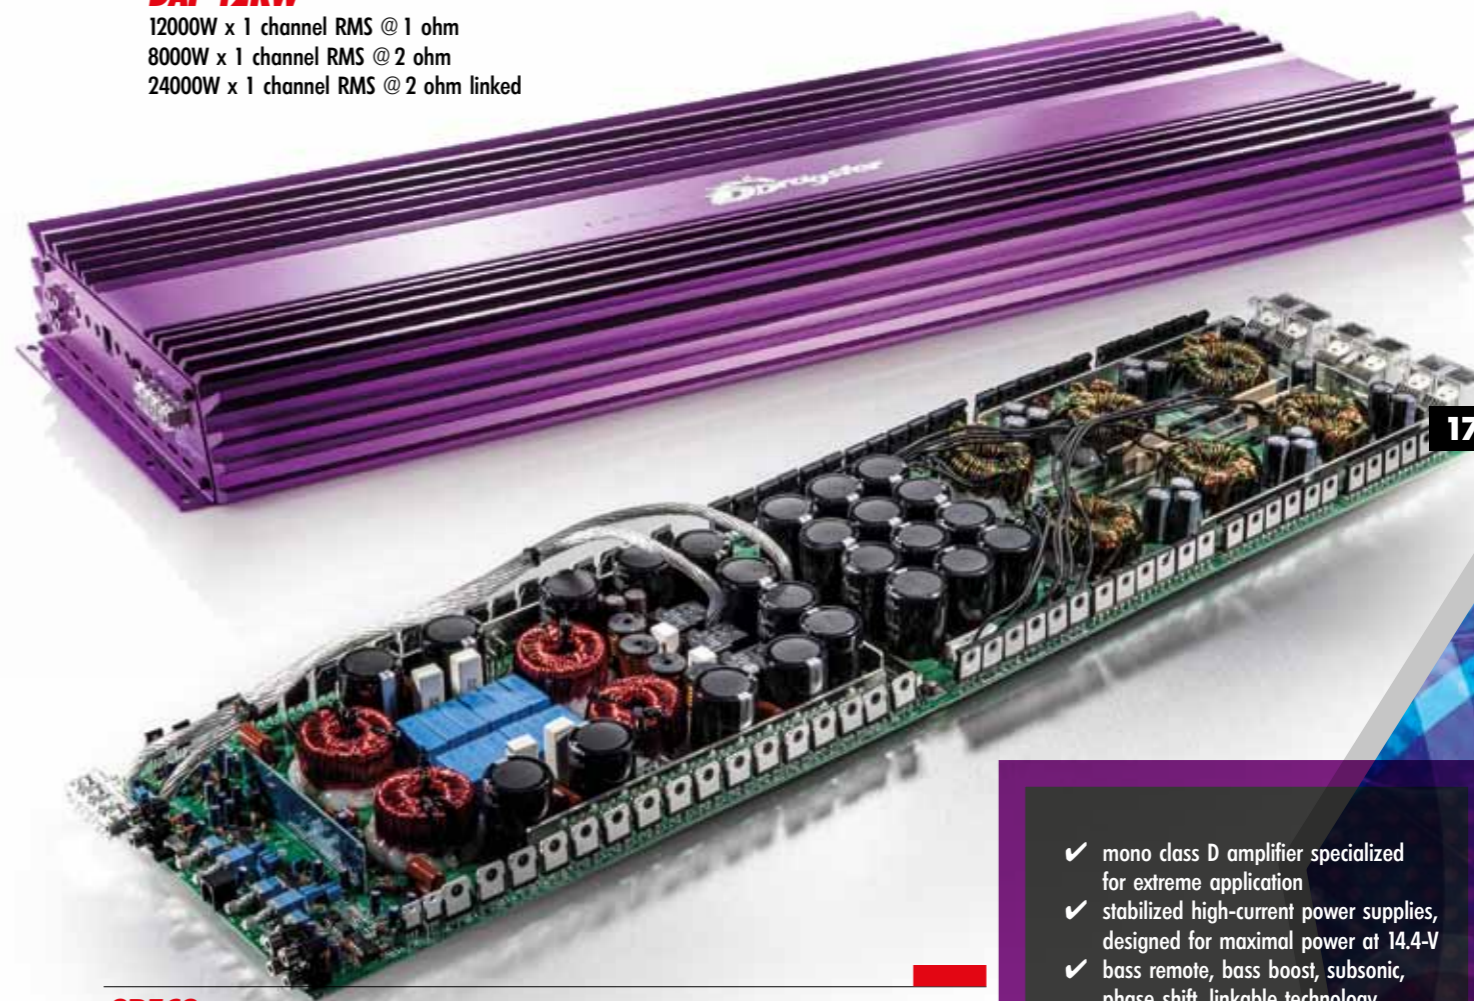

5100W x 1 channel RMS @ 1 ohm  
3500W x 1 channel RMS @ 2 ohm  
10200W x 1 channel RMS @ 2 ohm linked

**DAF 7001**

7100W x 1 channel RMS @ 1 ohm  
4800W x 1 channel RMS @ 2 ohm  
14200W x 1 channel RMS @ 2 ohm linked

**DAF 12KW**

12000W x 1 channel RMS @ 1 ohm  
8000W x 1 channel RMS @ 2 ohm  
24000W x 1 channel RMS @ 2 ohm linked

phase	° 0~180	0~180	0~180	0~180
variable bass boost @ 45Hz	dB 0~9	0~9	0~9	0~9
variable subsonic filter	Hz 10~50	10~50	10~50	10~50
remote sub level control	yes	yes	yes	yes
RCA line out	yes	yes	yes	yes
dimension (WxHxL)	mm 260x69x400	260x69x540	260x69x650	300x71x880

- ✓ mono class D amplifier specialized for extreme application
- ✓ stabilized high-current power supplies, designed for maximal power at 14.4-V
- ✓ bass remote, bass boost, subsonic, phase shift, linkable technology,
- ✓ LP crossover
- ✓ RCA line out
- ✓ exclusive Dragster wing profile heat sink in purple finishing
